Announcement

In presenting this catalog to the public we take great pleasure in knowing that we have a splendid lot of useful cattle to offer. No effort has been made to put the cattle in high flesh; we shall present them in that good thrifty condition which all experienced breeders recognize as best calculated to insure profitable results in breeding animals.

Shorthorns have been bred on the Owens Farms since 1873. Foundation material for this herd was chosen with discrimination for the best of pedigrees; it is doubtful if there will be a sale of Shorthorns for some time with as much Cruickshank breeding as is listed in this catalog.

We sincerely hope everyone interested in good Shorthorns can be with us on sale day, and we trust that the cattle will prolong their usefulness to their new owners.

E. E. OWENS.

TERMS AND CONDITIONS

All bulls are guaranteed breeders if not allowed to run with the herd. Cows with calves at foot are considered proved breeders and no further guarantee is considered necessary. All other females over 16 months of age at date of sale are guaranteed.

These cattle are sold breeders, subject to a 60 day retest for tuberculosis or to comply with the laws of the state into which they are shipped. The failure of any animal to meet this guarantee must be reported 90 days from date of sale.

Certificates of Registry and Transfer of Ownership as well as applications for calves at foot or in dam will be furnished with each lot sold.

All animals are at owners risk when bid off, but cattle will be loaded on cars or trucks free of charge.

Terms are cash. All settlements are to be made with the clerk immediately after the sale.

Mail bids may be sent to auctioneers or fieldmen in care of E. E. Owens, Homestead, Iowa.

There will be signs on road 149 north of Williamsburg and west of Homestead on No. 6 directing you to the sale.

Rodney Star 1717205—Is probably the best bull ever sired by Melbourne Rodney. His character, smooth mellow fleshing and great weight carried close to the ground make him a bull of great breeding worth. His outstanding quality is not accidental as he comes from that great Duchess of Gloster family that has been so prolific in this herd. His mother, Cumberland Duchess 3d is a grand breeding cow; although she is 15 years old, she is still active, vigorous, and a regular breeder. His sisters selling in this sale are fine specimens of bovine excellence; look them up sale day.

Here is a view of a group of the cows that will be sold. At the time the picture was taken, about the end of August, none of them had been grained since early last winter. They are the kind that keep in first class shape on pasture and that produce and rear thick, early maturing calves on their own milk, while getting no other feed than grass.

Here is another view of some of the Owens herd. Note the good heads, broad backs, short legs and pleasing colors. Like the cows in the picture above, they have had nothing to eat but grass, yet they have the bloomy appearance of cows fitted for show. It is with such as these that the breed improves and the breeders profit.
